STRENGTHS & ACHIEVEMENTS

- Good at drawing (sketching & illustration).
- Quick learner with a passion for new technologies.
- Strong coding skills and attention to detail.
- Values: Honesty, Discipline, Hard Work.
- Goal: Build a business in the future and use my skills to solve real-life problems and help people.

EDUCATION

Bachelor of Computer Applications (BCA) — 2025 – 2027 (2 years completed)
PES University, Ring Road Campus
Bengaluru, Karnataka, India

PROJECTS

Online Health Monitoring and Alert System — 2026 – Present

A web-based application to monitor user health, check symptoms, set reminders and trigger emergency alerts.

- Developed using HTML, CSS, JavaScript, PHP and MySQL with a responsive, user-friendly interface.
- Implemented features like user authentication, symptom checker (16 symptoms), emergency mode with nearby hospitals, reminders (CRUD) and report uploads.
- Used PHP sessions, password hashing and MySQL database for secure and reliable data management.

Personal Portfolio Website — 2026 – Present

A responsive personal portfolio to showcase my skills, projects and contact information.

- Built using HTML, CSS, JavaScript with clean and modern UI.
- Optimized for mobile and desktop devices with smooth navigation and interactive elements.

WORK EXPERIENCE / INTERNSHIP

Web Development Intern (Self-Initiated) — 2026

Personal Projects & Practice

- Built and deployed small web applications using PHP, MySQL, JavaScript and Bootstrap.
- Worked on debugging, database integration and improving UI/UX.
- Gained hands-on experience in full-stack development and version control (Git & GitHub).

CERTIFICATIONS

- Python Programming – Udemy (2026)
- Web Development (HTML, CSS, JavaScript) – Udemy (2026)
- SQL for Data Analysis – Coursera (2026)
- GenAI Tools & Prompt Engineering – Coursera (2026)
